

Christmas lights motif costings agenda item 7.6

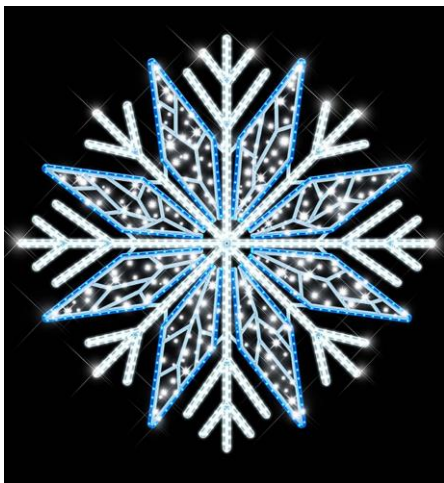

Replacement/repair of motif for market house

Due to the timescale of production and delivery replacement like for like is no longer an option.

As requested, I asked Cowles electrical if a repair of the light was possible for them to carry out. I have made contact with them numerous times and have had no response.

Similar style light replacement

This light is a similar design to the existing light it may have a slight difference in colour.

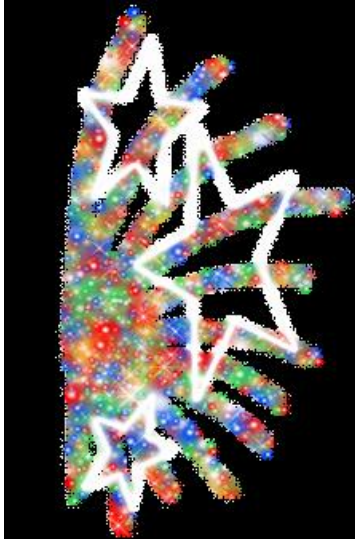

The cost for one of these lights is £899.00 +VAT plus carriage of £66.00 +VAT.

The supplier can't hold stock so this is subject to availability

Other lights of a size that will fit the space available.

The following lights are currently in stock but may be subject to change due to availability, an up-to-date availability will be given on the night of the meeting.
