

Newent Town Council Meeting

Item 4.2

Meeting Monday 14th August 2023

Clerks Update and Matters arising

Matters Arising from Council meeting held on Monday 24th July 2023.

- All agreed amendments have been made to the policies reviewed at the meeting held on the 24th July 2023, and have been updated on the Town Councils website.
- New accounts with Instagram and Twitter have been set up and are now live.

Other Information

1. The local policing team are about to move premises from the library to the Fire Station. With this move brings issues regarding the towns CCTV system that is currently housed in the police point within the library.
We have been in negotiation with Gloucestershire County Council, Gloucestershire Libraries, Gloucestershire Constabulary, Gloucestershire Fire and rescue, and The P.C.C. office.
All of the above organisations agree for the need of the Town CCTV and are Trying to work together to achieve an ideal outcome. We are Currently leading on the project and awaiting the results from a site survey carried out by our Current CCTV maintenance contractors. Once the survey has been completed we will then report back with the feasibility of the move, licences required to facilitate the system being relocated, but still being able to gain access to the hardware for maintenance purposes, and the budget requirements and ongoing costs resulting from relocating the system.
2. Newent Town Councils Grant and Donation funding application process is now open, we have received to date many applications that will benefit the local parish of Newent.
The closing date for applications is the 15th August. Applications that meet the required criteria will be heard at the next full Council meeting held on 25th September.
